SPEAKER: Senator Nore has asked for a roll call vote on the issue.

CLERK: 34 ayes, Mr. President, to raise a call.

SPEAKER: Senator Keyes, for what purpose do you rise? Yes sir.

SENATOR KEYES: Mr. President, how many were present and how many were excused that were not on the call?

SPEAKER: Stand by.

CLERK: Well, everyone is present today. There were two who have never been accounted for or haven't been located.

SENATOR KEYES: Was every effort made to contact these two Senators?

CLERK: Yes, one of the Sergeant at Arms is after them.

SENATOR KEYES: And that includes going to Arthur County to look the gentleman up?

CLERK: No, they are all here in the building. Do you want me to verify the vote?

SPEAKER: Yes, verify the vote.

CLERK: Read. 22 ayes, 20 nays, remainder not voting.

SPEAKER: The chair recognizes Senator Epke.

SENATOR EPKE: My vote was a green button. If it didn't show, there is something wrong.

CLERK: It did not record anything.

SPEAKER: Very good. Senator Epke voting aye. Thank you, Senator. 23.

CLERK: 23 ayes.

SPEAKER: Motion to advance LB 128 failed. The bill remains on General File. We move next to General File consideration of LB 130. Senator Stromer's bill.

CLERK: Read title. LB 130. There are committee amendments by Senator Warner, Mr. President.

SPEAKER: The chair recognizes Senator Warner.

SENATOR WARNER: Mr. President, I move the adoption of committee amendments.

SPEAKER: I'm sorry, Senator Warner, I didn't hear you.

SENATOR WARNER: I move the adoption of the committee amendments.

SPEAKER: Thank you.

SENATOR WARNER: What the committee amendment does, it reinserts the title of Secretary for the Board. The bill was originally drafted using the title of the General Administrative Officer and upon the request of the introducer, we returned the language to include that of Secretary. Then the committee amendment also strikes "new language" in Line 13 and 14 and 15 which spelled out the "officer shall coordinate, maintain the office of the Board". It was felt that that was not necessary. It was obvious that that was the purpose of the Secretary from the balance of the law which is already on the statutes. That's the affect of the committee amendments.
